1.0 Introduction

S.T.B Maju Group of Companies began operation in 1973 as a sole proprietorship, under the name of San Lai Kiat Trading Labour & Contractor Trading Company which was founded by the late Mr. San Lai Kiat. The core business at that time was supplying labourers and machinery, i.e. forklifts for bulk cargo handling services mainly palm kernel expeller (PKE) at South Port and North Port in Port Klang.

In 1979, the sole proprietary company was converted into a private limited company under the name of **San Lai Kiat Trading & Development Sdn Bhd** which then acquired two (2) units of mobile conveyors to handle the export of bulk PKE at North Port. In the late 80's and mid 90's, the company expanded its handling activities to discharging scrap iron for our Clients, among others Amsteel Mills Berhad (formerly known as Amalgamated Steel Mills Sdn Bhd) in North Port and Malayawata Steel Berhad in Penang Port.

In 1987, the **S.T.B Maju Group of Companies** became the loading contractor in Penang Port for our clients, Palmco Oil Mill Sdn Bhd and Kamunting Oil Mill Sdn Bhd. Two years later, the company bought 2 units of tipper lorries which signifies diversification of its core business into related and complementary activity to achieve its main objective - **Being a one stop bulk handling solution service provider.**

In view of the above objective, two associate companies, S.T.B. Maju Enterprise Sdn Bhd and S.T.B. Maju (M) Sdn Bhd were incorporated in 1979 and 1985 respectively. In 1985, S.T.B. Maju Enterprise Sdn Bhd had managed to secure the dry bulk stevedoring license in Kuantan Port. The major core business is to provide handling services for dry bulk cargo such as loading of bulk cargo by mobile conveyors, discharging of bulk cargo by hoppers and grabs, supplying of stevedores and heavy machinery, transportation of bulk cargo, packing of bulk cargo into bags, etc.

Similarly, S.T.B. Maju (M) Sdn Bhd also provides the material handling services for the S.T.B Maju Group of Companies.

Until to date, **S.T.B Maju Group of Companies** have expanded their fleets of two (2) units tipper lorries and six (6) units of mobile conveyors to a total of eighty-three (83) units tipper lorries and twelve (12) units of mobile conveyors including our very **own designed and assembled 7' feet belt width hopper conveyor (the one and only available conveyor that can be used to load by tipping trailer among the Ports in West Malaysia)** and 5' feet belt width deck conveyor and hopper conveyor for the handling of panamax vessel. On the other hand, all our tipper lorries are equipped with the **Global Positioning System (GPS)** to enhance security upon delivery of our clients' cargo.

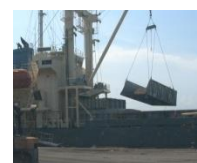

2.0 Business

Today, **S.T.B Maju Group of Companies** have their business activities in all major ports of Malaysia including Johor Pasir Gudang Port, Kemaman Port, North Port and Kuantan Port. It is a complete one stop bulk handling solution service provider including stevedoring, warehousing, bulk cargo handling, supply of heavy machinery at various factory yards and ports, transportation of bulk cargo such as variety of palm kernel products, soya bean meal, maize, coal, coke breeze, woodchips, sand, etc.

Presently, **S.T.B Maju Group of Companies** are servicing the economy catalysts of the country, to name a few :

Industry	Clients	Service Period Year(s)
